SUBJECT INDEX*

A

Abdominal epilepsy (Blumberg), 89

Abt-Letterer-Siwe disease, transition of case of, to lipoid granulomatosis (Alantar and Gürson), 590

Adenomatosis of liver associated with peculiar hemorrhagic diathesis, clinic on (University of Amsterdam), 734

Adolescent children, colored striae in (Sisson), 520

Adolescents, adjustments of, to poliomyelitis (Arnold), 347

Adrenal insufficiency in infancy (Yu), 332

Air, distribution of, in intestinal tract of infants during first twelve hours as determined by serial roentgenograms (Podolsky and Jester), 633

Allergy, gastrointestinal, in infancy (Collins-Williams), 337

Anemia, nutritional, in infancy and childhood, treatment of, with oral iron and ascorbic acid (Gorten and Bradley), 1

Angiomas, spontaneous regression of, in children (Bivings), 643

Anhidrotic hereditary ectodermal dysplasia (Seagle), 688

Antibiotics, eleven, in vitro, susceptibility of recently isolated strains of Hemophilus influenzae to (Love and Finland), 531

Anus and rectum, congenital anomalies of (Orloff), 316

Ascariasis, some medicochirurgic problems of, clinical conference on (Hospital Infantil de Mexico), 478

Ascaris lumbricoides infections, treatment of, with piperazine (Brown), 419

Atresia, bony, bilateral, congenital, of posterior nares in one-month premature infant who survived (Beinfield), 679

Autism, infantile, early (Bakwin), 592

B

Bacterial infections, acute, of infancy and childhood, use of quadruple sulfonamide mixture in (Ferguson et al.), 655

Book Reviews:

Antibiotika-Fibel (Walter and Heilmeyer), 238

Auditory disorders in children (Myklebust), 369

Book Reviews—Cont'd

Béla Schick and the world of children (Gronowicz), 749

Child health and the state (Monerieff), 501

Colloque sur les Acides Aminés, 122

Cystic fibrosis of the pancreas in infants and children (May), 750

Die Narkose (Killian and Weese), 239

Disease of the retina (Elwyn), 239

Diseases of the skin (Andrews), 750

Emergency treatment and management (Flint, Jr.), 501

Essentials of pediatrics (Jeans et al.), 749

Fundamentals of neuropathology (Dublin), 368

Fundamentals of otolaryngology (Boies), 368

Gesundheit durch Krankheit (Flechtner), 239

Handbook for diabetic children (Fischer and Horstmann), 239

Human development (Zubek and Solberg), 368

Illustrated handbook of child care from birth to six years (McCullough), 626

Kinderorthopädie (Bernbeck), 122

Lecciones de terapeutica infantil (Garrahan et al.), 122

Lehrbuch der Paediatrie (Fanconi and Wallgren), 501

Modern problems in pediatrics (Hottinger and Hauser, eds.), 369

Music therapy (Podolsky), 122

Pediatric problems in clinical practice (Michal-Smith, ed.), 368

Seventy-five years of medical progress (Bauer, ed.), 238

Textbook of pediatrics (Nelson, ed.), 626

The allergic child (Swartz), 121

The causes and treatment of backwardness (Burt), 239

The emotional problems of children (Joseph and Zern), 368

The jealous child (Podolsky), 369

The long-term prognosis for prematurely born children (Alm), 239

The normal child (Illingworth), 626

Year book of pediatrics—1954-1955 series (Gellis, ed.), 750

Breast feeding worth salvaging? (editorial), 502

Brennemann, Joseph, pediatric profile (Gibson), 739

*July, pp. 1-124; August, pp. 125-242; September, pp. 243-372; October, pp. 373-504; November, pp. 505-632; December, pp. 633-754.

C

Cat-scratch fever (editorial), 753
Cerebrospinal fluid, nucleases in: desoxyribonuclease in health and disease (Kovacs), 569
Chylothorax, traumatic (Winters et al.), 446
Circulation time in newborn infant, using fluorescein dye method (Oberst and La Roche), 580
Cirrhosis of liver in infants (editorial), 242
Clinical Conferences:
  Hospital Infantil de Mexico: clinic on intestinal obstruction by ascarides, 479; hepatic ascariasis, 483; intestinal perforation by ascarides, 488
  Pediatric clinic of University of Amsterdam, The Netherlands: clinic on tetralogy of Fallot with dextroposition of the aortic arch and widely patent ductus arteriosus on the right, 729; severe jaundice of the newborn infant without isoimmunization of mother, 731; adenomatosis of liver associated with peculiar hemorrhagic diathesis, 734
Comments on Current Literature:
  encephalomyelitis, 234
  exanthems and tissue culture, 115
  hemorrhagic fever, 362
  Hirschsprung's disease in newborn infant, 498
  nonspherocytic hemolytic disease, 620
  postmaturity, 744
Congenital anomalies of anus and rectum (Orloff), 316
Congenital heart disease:
  medical rehabilitation program (Wallace et al.), 273; (editorial), 370
  tetralogy of Fallot with dextroposition of aortic arch and widely patent ductus arteriosus on the right, clinic on (University of Amsterdam), 729
    with left ventricular hypertrophy (Paul et al.), 672
Contagious diseases, common, recent developments in (Stimson), 101
Convulsions, febrile, fever and, in kittens (Lennox et al.), 179
Correspondence, 118, 236, 500, 623
Cortisone and norepinephrine, treatment of meningococcal infections; with particular reference to fulminating meningococcemia (Waterhouse-Friderichsen syndrome) (Griffin and Daeschner), 264
Crumbine, Samuel J. (editorial), 370

D

Death, sudden, in infants (Carroll), 401
Diabetes mellitus, dietary fructose in children with (Hartmann, Sr., et. al.), 27
Diastematomyelia (Chambers), 668
Diet, infant, study of early and later introduction of solids into (Deisher and Goers), 191
Dietary deficiency states, psychologic aspects of (Bakwin), 110
  fructose in children with diabetes mellitus (Hartmann, Sr., et al.), 27
  supplementation of vitamin B_{12} in prepuberty school-age children; growth studies (Larcomb et al.), 70
Duodenal ulcer in children with hemorrhage as presenting symptom (Marcus), 75
Dysplasia, ectodermal, hereditary, anhidrotic (Seagle), 688

E

Editor's Column:
  cat-scratch fever, 753
  cirrhosis of liver in infants, 242
  enemas can be fatal! 751
  is breast feeding worth salvaging? 502
  "letters to my daughter," 372
  New York City rehabilitation program for congenital heart disease, 370
  pediatric profiles, 627
  pertussis vaccine, 124
  "polio hysteria," 123
  pyridoxine deficiency in infants, 627
  reflections on Newcastle inquiry, 629
  retrolental fibroplasia, 123
  Samuel J. Crumbine, 371
  social medicine, 240
EDTA, calcium, oral, in lead intoxication of children (Bradley and Powell), 297
Encephalomyelitis (Blattner), 234
Encephalopathy, Wernicke's, chronic, disease in infants resembling (Feigin and Wolf), 243
Enemas can be fatal! (editorial), 751
Epilepsy, abdominal (Blumberg), 89
Erythroblastosis fetalis, treatment of, by exchange transfusion (Wiener et al.), 546
Erythroderma desquamativa (Brant), 471
Esophageal perforation complicating acute inflammation of brain and meninges (Williams), 575
Exanthems and tissue culture (Blattner), 115
Exophthalmos, congenital goiter with, and hyperthyroidism (Koerner), 464

F

Familial infantile heredodegenerative disorder, acute, of central nervous system (Palinsky et al.), 538
Feeding, infant, common errors in (Lapin), 583
Ferrous sulfate poisoning (Birk and Stallard), 164
Fever and febrile convulsions in kittens (Lennox et al.), 179

Fluorescein dye method, circulation time in newborn infant using (Oberst and La Roche), 580
Fructose, dietary, in children with diabetes mellitus (Hartmann, Sr., et al.), 27
Furniture polish ingestion, hydrocarbon pneumonitis following (Griffin et al.), 13

G

Gastrointestinal allergy in infancy (Collins-Williams), 337
Goiter, congenital, with exophthalmos and hyperthyroidism, 464
Growth rate of Southern Indian infants born in Singapore, influence of nutrition on (Millis), 697
  study of, in first year of life of Southern Indian infants born in Singapore, 692

H

Hemograms, study of, in premature infants (Hadley and Chinnock), 413
Hemolytic disease, nonspherocytic (Blattner), 620
Hemophilus influenzae, recently isolated strains of, susceptibility of, to eleven antibiotics in vitro (Love and Finland), 531
Hemorrhagic diathesis, peculiar, adenomatosis of liver associated with, clinic on (University of Amsterdam), 734
  fever (Blattner), 362
Heredodegenerative disorder, infantile, familial, acute, of central nervous system (Palinsky et al.), 538
Hirschsprung's disease in newborn infant (Blattner), 498
Hyperthyroidism, congenital goiter with exophthalmos and (Koerner), 464
Hypothalamic dysfunction, progressive (Hawes et al.), 393
Hypotonia (Lidge), 474

I

Infant(s) (*see also* Newborn and Premature)
  adrenal insufficiency in (Yu), 332
  and children, nutritional anemia in, treatment of, with oral iron and ascorbic acid (Gorten and Bradley), 1
  purulent meningitis in (Smith), 425
  use of quadruple sulfonamide mixture in acute bacterial infections of (Ferguson et al.), 655
  born of treated syphilitic mothers, follow-up of (Ford and Goldfarb), 307
  cirrhosis of liver (editorial), 242
  diet, study of early and later introduction of solids into (Deisher and Goers), 191
  disease resembling chronic Wernicke's encephalopathy (Feigin and Wolf), 243
Infant(s)—Cont'd
  distribution of air in intestinal tract of, during first twelve hours as determined by serial roentgenograms (Podolsky and Jester), 633
  feeding, common errors (Lapin), 583
  gastrointestinal allergy in (Collins-Williams), 337
  pyridoxine deficiency in (editorial), 627
  Southern Indian, born in Singapore, influence of nutrition on growth rate of (Millis), 697
    study of growth in first year of life (Millis), 692
  sudden death in (Carroll), 401
  with probable infectious mononucleosis, marked lymphocytic reaction in (Woodard et al.), 717
Infectious mononucleosis, periorbital edema as initial sign of (Bass), 204
Intestinal rotation and mesenteric fixation, anomalies of (Manson), 214
Iron absorption in premature and full-term infants (Oettinger et al.), 302
  oral, and ascorbic acid, treatment of nutritional anemia in infancy and childhood with (Gorten and Bradley), 1

J

Jaundice, severe, of newborn infant without iso-immunization of mother, clinic on (University of Amsterdam), 731

L

Laurence-Moon-Biedl syndrome (Bergman and Eden), 603
Lead intoxication of children, oral calcium EDTA in (Bradley and Powell), 297
Leprechaunism (Donohue and Uchida), 505
"Letters to my daughter" (editorial), 372
Lipoid granulomatosis, transition of case of Abt-Letterer-Siwe disease to (Alantar and Gürson), 590
Lymphocytic reaction, marked, in one-month-old infant with probable infectious mononucleosis (Woodard et al.), 717
Lymphoepithelioma (Batory), 599

M

Medical Progress:
  anomalies of intestinal rotation and mesenteric fixation (Manson), 214
  gastrointestinal allergy in infancy (Collins-Williams), 337
  homologous serum jaundice (Stimson), 606
  recent developments in common contagious diseases (Stimson), 101
Meninges, brain and, esophageal perforation complicating acute inflammation of (Williams), 575

Meningitis, purulent, in infants and children (Smith), 425
Meningococcal infections; with particular reference to fulminating meningococcemia (Waterhouse-Friderichsen syndrome) treated with cortisone and norepinephrine), 264
Mental retardation, myasthenia gravis with (Levinson and Lim), 80
Micro-Scratcher (Morrison et al.), 724
Mononucleosis, infectious, probable, marked lymphocytic reaction in one-month-old infant with (Woodard et al.), 717
Morse, John Lovett (Hill), 615
Musculoskeletal disorders simulating poliomyelitis (Moskowitz), 51
Myasthenia gravis with mental retardation (Levinson and Lim), 80
Myocarditis, complications of, in children (Saphir and Field), 457

N

Nares, posterior, congenital bilateral bony atresia of, in one-month-old premature infant who survived (Beinfield), 679
Neuroma, plexiform, of trigeminal nerve (Podolsky and Fields), 707
Newborn infant, Hirschsprung's disease in (Blattner), 498
  newer therapeutic procedures designed to prevent abnormal pulmonary ventilation in (Bloxsom), 373
  pneumothorax and pneumomediastinum in (Hurwitz and Greenhood), 437
  severe jaundice of, without iso-immunization of mother, clinic on (University of Amsterdam), 731
Newcastle inquiry, reflections on (editorial), 629
News and notes, 119, 236, 365, 500, 624, 746
New York City rehabilitation program for congenital heart disease (editorial), 370
Norepinephrine and cortisone, treatment of meningococcal infections; with particular reference to fulminating meningococcemia (Waterhouse-Friderichsen syndrome) (Griffin and Daeschner), 264
Nucleases in cerebrospinal fluid: desoxyribonuclease in health and disease (Kovacs), 569
Nutrition, influence of, on growth rate of Southern Indian infants born in Singapore, 697

O

Osteodysmetamorphosis fetalis (Engfeldt and Zetterström), 125

P

Pediatric Profiles:
  Brennemann, Joseph (Gibson), 739
  Morse, John Lovett (Hill), 615
Periorbital edema as initial sign of infectious mononucleosis (Bass), 204
Pertussis vaccine (editorial), 124
  variability of poteny of, in relation to number of bacteria (Pittman), 57
Petit mal epilepsy, combined drug therapy in (Chao and Fields), 293
Phenolphthalein in childhood (Ditkowsky and Steigmann), 169
Pheochromocytoma in four-year-old child (Daeschner et al.), 141
Piperazine, treatment of Ascaris lumbricoides infections with (Brown), 419
Pneumomediastinum, pneumothorax and, in newborn infant (Hurwitz and Greenhood), 437
Pneumonitis, hydrocarbon, following furniture polish ingestion (Griffin et al.), 13
Pneumothorax and pneumomediastinum in newborn infant (Hurwitz and Greenhood), 437
  tension, conservative treatment of (Glaser), 648
Poisoning, ferrous sulfate, acute (Birk and Stallard), 164
  hydrocarbon pneumonitis following furniture polish ingestion (Griffin et al.), 13
  lead, in children, oral calcium EDTA in (Bradley and Powell), 297
"Polio hysteria" (editorial), 123
Poliomyelitis, adjustments of adolescents to (Arnold), 347
  musculoskeletal disorders simulating (Moskowitz), 51
  tracheocarotid fistula with fatal hemorrhage following tracheotomy for (Schenken and Brown), 94
Polyethylene catheters, procedure for sterilizing and storing (Greenwalt), 202
Postmaturity (Blattner), 744
Premature and full-term infants, iron absorption in (Oettinger et al.), 302
  infant, improved indwelling tube for feeding (Wagner et al.), 200
    one-month, congenital bilateral bony atresia of posterior nares in, with survival (Beinfield), 679
    study of hemograms in (Hadley and Chinnock), 413
Profiles, pediatric (editorial), 627
  Brennemann, Joseph (Gibson), 739
  Morse, John Lovett (Hill), 615
Programs, rehabilitation, medical, congenital heart disease in (Wallace et al.), 273; (editorial), 370
Pseudohermaphrodism, female, nonadrenal (Papadatos and Klein), 662
Psychologic Aspects of Pediatrics:
  adjustments of adolescents to poliomyelitis (Arnold), 347
  dietary deficiency states (Bakwin), 110
  early infantile autism (Bakwin), 492

Pulmonary ventilation, abnormal, in newborn infant, newer therapeutic procedures designed to prevent (Bloxsom), 373

Pyridoxine deficiency in infants (edtiorial), 627

R

Rehabilitation program, medical, congenital heart disease in (Wallace et al.), 273; (editorial), 370

Renal hamartoma (Cottrell and Heckel), 206

Retrolental fibroplasia (editorial), 123

Roentgenograms, serial, distribution of air in intestinal tract of infants during first twelve hours as determined by (Podolsky and Jester), 633

S

Salmonella meningitis (Levin), 210

Sclerema neonatorum (Brescia and Tartaglione), 720

Serum jaundice, homologous (Stimson), 606

Social medicine (editorial), 240

Speech sounds, note on screening test of (Templin), 443

Striae, colored, in adolescent children (Sisson), 520

Sulfonamide, quadruple, mixture, use of, in acute bacterial infections of infancy and childhood (Ferguson et al.), 655

Syphilitic mothers, treated, infants born of, follow-up of (Ford and Goldfarb), 307

T

Tension pneumothorax, conservative treatment of (Glaser), 648

Tetracycline: studies on absorption, distribution, excretion, and clinical trial in children (Schwarzer et al.), 285

Tetralogy of Fallot with dextroposition of aortic arch and widely patent ductus arteriosus on the right, clinic on (University of Amsterdam), 729

with left ventricular hypertrophy (Paul et al.), 672

Tick paralysis (successfully treated in stage of ataxia) (Jaffe and Perlmutter), 98

Tracheocarotid fistula with fatal hemorrhage following tracheotomy for poliomyelitis (Schenken and Brown), 94

Transfusion, exchange, treatment of erythroblastosis fetalis by (Wiener et al.), 546

Trigeminal nerve, plexiform neuroma of (Podolsky and Fields), 707

Tube, indwelling, improved, for feeding premature infants (Wagner et al.), 200

Tuberculoma, pulmonary, in childhood: its medical and surgical management (Kassowitz), 153

V

Vitamin B_{12}, dietary supplementation of, in prepuberty school-age children; growth studies (Larcomb et al.), 70

W

Wernicke's encephalopathy, chronic disease in infants resembling (Feigin and Wolf), 243

X

X-ray and fluoroscopy, how safe for patient and doctor? 310
